

ENJOY THE GREAT OUTDOORS ALL YEAR ROUND WITH THE DUCTED CAMPING HEATER

**PROPANE**  
**DUCTED**  
**CAMPING HEATER**

**NEW**

CH100

Camping in warmth and comfort has never been so easy. We all love the toasty feeling when our ducted heater at home is running, well now experience the same feeling while camping. The new Gasmate ducted camping heater allows you to heat your tent, gazebo, camper trailer or caravan safely and efficiently. Simply fire up the heater and insert the ducts – it's that easy!

**OUTPUT: 4,250 BTU**  
**CONSUMPTION: 90g/h**

**SAFE TENT HEATING**

**BATTERY OPERATED ELECTRONIC FAN**

**BURNER AND PILOT VIEWING WINDOW**

**3 UNIQUE SAFETY FEATURES**

- o A new revolutionary safe way to heat tents, caravans and camper trailers
- o Warm fan forced air is directed through the ducting pipe
- o Automatic electronic ignition
- o Safety features include ODS, flame failure and tip over safety
- o Oxygen Depletion System – Enhanced safety device which senses oxygen levels and switches off the entire unit when at a low level
- o Includes safety "tip-over" switch that halts the supply of gas to the unit should it be accidentally knocked over
- o Flame failure safety system – If flame goes out, gas shuts off
- o Operates on propane gas cannister or cylinder
- o 240V-12DC power supply and rechargeable 12V sealed battery
- o Portable, compact design with carry handle
- o Inbuilt storage compartment for ducting pipes
- o Gas certified to Australian and New Zealand standards
