20 Metre

25 Metre

Meets & Exceeds NEW Australian Standards

Includes 15 amp plug, level socket and LED indicator.
15 metres - 4020
20 metres - 4025
25 metres - 4026

Extension Lead Safety Box

Extension Lead Safety Box - 4027

10 Amp Clipsal Outlet - New Style

White. 10 amp outlet connection complete with waterproof flap and sealing gasket.

Clipsal Outlet - New Style - 4040

15 Amp Clipsal Inlet - New Style

White. 15 amp. 240v inlet complete with waterproof flap and sealing gasket.

Clipsal Inlet New Style - 4048
Flap - 4050

Electrical Lead Bag

Conveniently store your electrical leads

Measures: 27cm diameter, 15cm deep
Electrical Lead Bag -7643

Australian RV 10 Amp Power Outlet

10 amp power outlet for fitting to exterior wall of RV. Double pole. Waterproof. Available in Black and White

Australian RV 10amp Power Outlet White - 4172
Australian RV 10amp Power Outlet Black - 4175

Australian RV 15 Amp Power Inlet

15 amp safety inlet connection complete with weatherproof flap and sealing gasket. Available in Black and White

Australian RV 15amp Power Inlet White - 4171
Australian RV 15amp Power Inlet Black - 4174

AMP FIBIAN

AmpFibian Mini
15A TO 10A POWER ADAPTER WITH RCD

The Ampfibian MINI 15A power adaptor is certified to comply with Australian electrical standards, allowing safe and legal connection between 10A and 15A. The Ampfibian MINI achieves this by cutting the current if it exceeds 10A / 2400W.

The MINI also offers personal protection from electric shocks using a residual current device (RCD), which can be caused by faulty wiring or appliances.

AmpFibian Mini - 4101

RV-PLUS 15 Amp – 10 Amp
Power Adaptor
FOR CARAVANS AND RVS

AMP FIBIAN

15A to 10A caravan power adaptor specifically made for caravans/RVs/camper-trailers and horse-floats 2400W overload protection RCD for personal protection

Weatherproof to IP55 in any position
Weatherproof with or without outlet lead
Accepts ordinary and heavy duty leads to 12mm diameter

Tough IK-08 impact rating
Individually tested
Meets AS/NZS-3001 and AS/NZS-3190

AmpFibian RV Plus - 4102

RV Power Solution 10Amp - 15amp Adaptor

·Safely & Legally connect 15A RV to 10A domestic outlet
Circuit breaker trips when overloaded Rated at 10A 2400w
Overload protection 10A
Power input - Fly lead 10A
Power output - socket 15A
2 m fly-lead

An RCD is incorporated to protect users from electric shock through faulty devices.

RV Power Solution - 4104

POD 10 Amp to 15 Amp
Adaptor

Convert your 15 amp caravan extension lead to fit a 10 amp power outlet
Rated at 10 amps 240 volts
Inbuilt RCD -10A circuit breaker
Australian Design and Australian Standard
Approved AS/NZ23190:2011
Residual current device (RCD) provides protection against electrical faults

POD 10Amp-15Amp Adaptor - 4110

240 Volt Double Pole Switch

CLIPSAL 30DD. Single mechanism, deep plate 78mm x 36mm. Available in White and Sand.

240 Volt Double Pole Switch White - 4120
240 Volt Double Pole Switch White - 4125

Hot Water Service Switch

Double Pole switch with HWS label.
Hot Water - 4126

Mounting Block

CLIPSAL 449A. Suits all Clipsal standard pattern power points 35mm deep.

Mounting Block - 4128

Lens Knob

White plastic knobs to suit oyster lights.
Lens Knobs - 4140

Double Pole Twin Power Point with Dual USB

AVAILABLE IN BLACK OR WHITE
2 x 10A 240V switched outlets
2 x 5V 2.1A USB charging points
Required Mounting Depth: min 23mm
Cut Out Size: 75mm x 55mm
Full Australian Standards Electrical & RCM approvals (AS/NZS60950, AS/NZS3133, AS/NZS3100)

Double Pole USB Power Point White - 4160
Double Pole USB Power Point Black - 4161

Cover Plates

Attractive cover plates for 240V light switches. Available in gold or silver.

Cover Plates Gold - 4149
Cover Plates Silver - 4150

240V Single Power Point Shallow Mount - 10amp Double pole

240 volt. 10 amp. Double pole, shallow switched socket. 115mm x 73mm

Single Power Point Shallow Mount - 10amp- 4158

Australian RV 15A Single Power Point Double Pole

Australian RV Single Power Point - 4173

240 Volt 10A Double Power Point Double Pole

25D. Double switched sockets. Shallow mount. Double pole. 115 x 73mm.

240 Volt Double PowerPoint - 4178

240 Volt 10A Quad Power Point Double Pole

240V Quad switched sockets. Double pole. 195 x 75mm x 25mm. Deep Mount.

240 Volt 10A Quad Power Point Double Pole - 4179

10 Amp Cord Socket

10 amp 3 pin socket

10 Amp Cord Socket - 4030

15 Amp Cord Socket

15 Amp Cord Plug Top - 4058

CordPro CP100

Cordpro cord & hose reels organizes your cords, hoses or cables into two chambers, preventing tangling between the two ends.

Maximum Capacities

100 ft / 30 m 16/3 cord
80 ft / 24 m 14/3 cord
50 ft / 15 m 12/3 cord
40 ft / 12 m 10/3 cord
25 ft 1/2" fresh water hose

CordPro Cp100 - 0400

CordPro CPXL

Cordpro® XL, has approximately twice the capacity as the CP-100.

Maximum Capacities

150 ft. 12/3 cord
100 ft. 10/3 cord (standard duty) 60 ft.
50 ft. 1/2" drinking water hose
50 ft. 30-amp RV power cord

CordPro CPXL - 0401

Cord Reel

Use in your caravan or RV or even at home to tidy up those messy extension leads.

Will hold up to 35m of 10amp cord

25m of 15amp cord

Cord Reel - 0406

16Amp MCB Double Pole Circuit Breaker

The 16Amp MCB (Miniature Circuit Breaker) Double Pole Circuit Breaker, complete with its included cover, is an essential electrical component designed to safeguard your electrical circuits and devices in your caravan, camper, motorhome or RV.

Double Pole Design: This circuit breaker is equipped with double pole functionality, which means it can effectively interrupt both the live (hot) and neutral wires in a circuit. This feature ensures complete disconnection of power, enhancing safety during maintenance or in emergency situations. Required for all caravans, motorhomes and camper trailers.

Voltage Circuit Breaker - 240 volt - 4250
